Setting Up Your Home Environment to Foster Hands-on Making and Creativity

When and Where

Monday, Nov. 30, 2020
7-8 pm

Zoom link:

Link will be sent in Friday Bing Bulletin

Rachelle Doorley is the creator of Tinkerlab.com, a website for inspiring and sustaining children’s creativity. Her wealth of experience with the arts and materials includes costume design, art instruction, and museum education. She now leads workshops that inspire creativity in our everyday lives. Rachelle is also a former Bing parent. Her newest book, Art Starts: 52 projects for open exploration will be released in November. Her previous books include, Tinkerlab: A hands-on guide for little inventors, and Creative Adventures in Cursive: Write with glue, string, markers, paint, and icing.
