Exploring Math at Home: Numbers and Games

Join us for coffee and conversation.

Hosted by Head Teachers Todd Erickson and Jeanne Zuech

Join us: Wednesday, December 4, 2019
1:30pm to 2:30pm

Location: Tower House
Bing Nursery School
860 Escondido Road

There is evidence from all sides about the importance of early math learning for later success in school and beyond, but true mathematical thinking comes through in ways you might not expect. Especially for children, math is most valuable as a way to understand the real world. Bing teachers will introduce how we see it every day in children’s play—from sensory play in the twos class to grand collaborations among 5-year-olds. You’ll also have a chance to think about how to recognize and facilitate authentic math experiences at home in an appropriate—and fun!—way.

These events are open to adults of the Bing Nursery School Community.
